

CHECK SEAT HEATERS WARM SEATS QUICKLY AND SAFELY

After starting your vehicle on a cold winter morning, simply switch on your seat heater and feel the warmth radiate through the seat. When the seat heats to the selected temperature, the Luxury and Premium seat heaters will maintain that temperature for one hour. The gradual warming effect of the heaters should be felt within 1 to 3 minutes. The heat will continue to increase for 10 to 15 minutes depending on the temperature setting chosen.

Check Luxury and Premium level seat heaters come with a digital temperature control featuring precise temperature regulation and timed shut off for safety. Seat heaters provide soothing warmth and therapeutic benefits. They are the luxury option that makes driving more enjoyable.

INSTALLATION KITS AVAILABLE FOR MOST CARS, TRUCKS, VANS, SUVs, AND R.V.'S

Check Corporation seat heaters can be installed in almost any vehicle. The seat covers are easily removed and the heating elements are adhered to the seat base foam. The seat cover is then re-installed according to the original factory design. The seat heaters do not change the look of the seat, but they do enhance the feel and comfort. Each seat heater system is individually fused and safely wired into the vehicle's electrical system. A separate lighted switch is provided with each system.

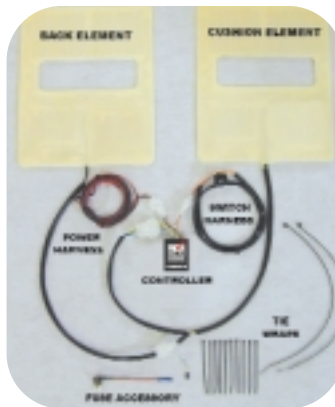

■ The thin peel and stick seat heater elements fit under the seat cover without detection

■ The heating elements are safe and durable for many years of trouble free use

■ The wiring harnesses, fuse and hardware are all installed out of sight

■ Luxury and Premium seat heaters come with a miniature digital electronic temperature control with built-in one-hour timer.

SEAT HEATERS COME IN THREE PACKAGE OPTIONS

Each Check seat heater system features either one, two or three temperature levels for driver comfort. Once the desired temperature is reached (Luxury and Premium Systems only), the seat heater will maintain that temperature. The Luxury and Premium seat heater kits also have an automatic one hour shut off for safety.

Check Corporation seat heaters are thoroughly tested and manufactured to meet strict government and vehicle manufacturer standards for safety, durability and performance. Each seat heater is backed by a 3 year/36,000 mile limited warranty and by the solid reputation of the Check Corporation.
